STAR WARS CLONE W

Get set for the next installment of Star Wars Clone Wars - only on Toonami! Wanna know more about the characters in this fantastic toon? Then read on...

THE JEDI

ANAKIN SKYWALKER

Obi-Wan Kenobi's apprentice, Anakin is a confident and headstrong 20-year-old with an impulsive nature and a flair for adventure. Anakin's reckless ways can wear down even the most patient Jedi Master. But the young man, who will eventually become Darth Vader, is unusually strong with the Force.

YODA

The wise and respected Jedi Master Yoda is incredibly powerful in the ways of the Force.

OBI-WAN KENOBI

A Jedi Knight of exceptional skill and wisdom, Obi-Wan Kenobi has guided the young Anakin Skywalker along the path to becoming a Jedi for more than a decade.

KIT FISTO

This Jedi, with large unblinking eyes and a tangle of tentacles extending from his head, is perfectly suited to his mission during the Clone Wars: leading a special aquatic unit of clone troopers.

MACE WINDU

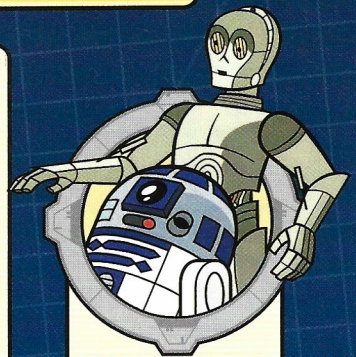
A senior member of the Jedi High Council, Mace Windu has experience and wisdom that is legendary among the Jedi Knights. During the Clone Wars, Mace Windu is tapped to lead the Republic Army as a general.

PADME AMIDALA

The young senator from Naboo is a strong and outspoken leader, as well as a brave fighter when need be. She is also secretly married to Anakin Skywalker and the future mother of Luke Skywalker and Princess Leia.

SUPREME CHANCELLOR PALPATINE

The commander of the Clone Army of the Republic, Chancellor Palpatine has been granted absolute authority over the Galactic Senate. Though he seems a compassionate advocate of democratic rule, his true motivations are unclear.



R2-D2 AND C3-PO

Reunited in the Clone Wars, R2-D2 and C3-P0 find themselves aiding the Republic while avoiding the raging battles that have engulfed the galaxy.

CAPTAIN TYPHO

Typho, who wears a stern look and a leather eye patch, is the head of Padmé's security force and a constant presence at the senator's side.

CLONE TROOPERS

The army of the Republic is made up of clone troopers, designed for superior physical capability, stamina and mental capacity. The clone troopers, created utilising the genetic material of bounty hunter Jango Fett, have exceptional skills and will be completely subservient to their commanders.

TOONAMI

SAN HILL

The Chairman of the InterGalactic Banking Clan, San Hill joined the Separatist Movement in order to profit from the Clone Wars. The Separatists rely on the combined military forces of the Confederacy of Independent Systems, an alliance of institutions that capitalise on disillusionment with the Senate's actions to further their own political and economic agenda.

DURGE

A merciless bounty hunter, Durge is encased in thick, menacing armour and wields a variety of weapons. Strong and powerful, Durge is difficult to defeat, even after suffering great injury. Durge commands a force of deadly mercenary droids.

DROID ARMY

The Separatists utilise an army of mechanised, mass-produced battle droids and super battle droids to carry out the fighting. The droids have become highly specialised, with impressive weaponry and the ability to fight in any environment.

DID YOU KNOW?

The Clone Wars toon was masterminded by Dexter's Laboratory creator, Genndy Tartakovsky (who was also responsible for Samurai Jack).

APRIL FO

Mojo Jojo, Johnny Bravo and the Eds fill us in on their most memorable April fool pranks.

April Fools Day comes but once a year, but you can be a fool for Cartoon Network all year round. But in case you're thinking of a few pranks to play yourself, we spoke to some of our best known ~~fools~~ - er, stars and asked them about *their* most memorable pranks...

MOJO JOJO

My most successful April Fool's prank on the day of fools in April was the one that got the most success for being successful...

I had this great idea. The idea that I had was so great that only I, Mojo Jojo, could have had it. 'Him' has a very scary high-pitched voice that gives me the heebie-jeebies - and I'm evil, so what it does to law-abiding folk, I dare not think.

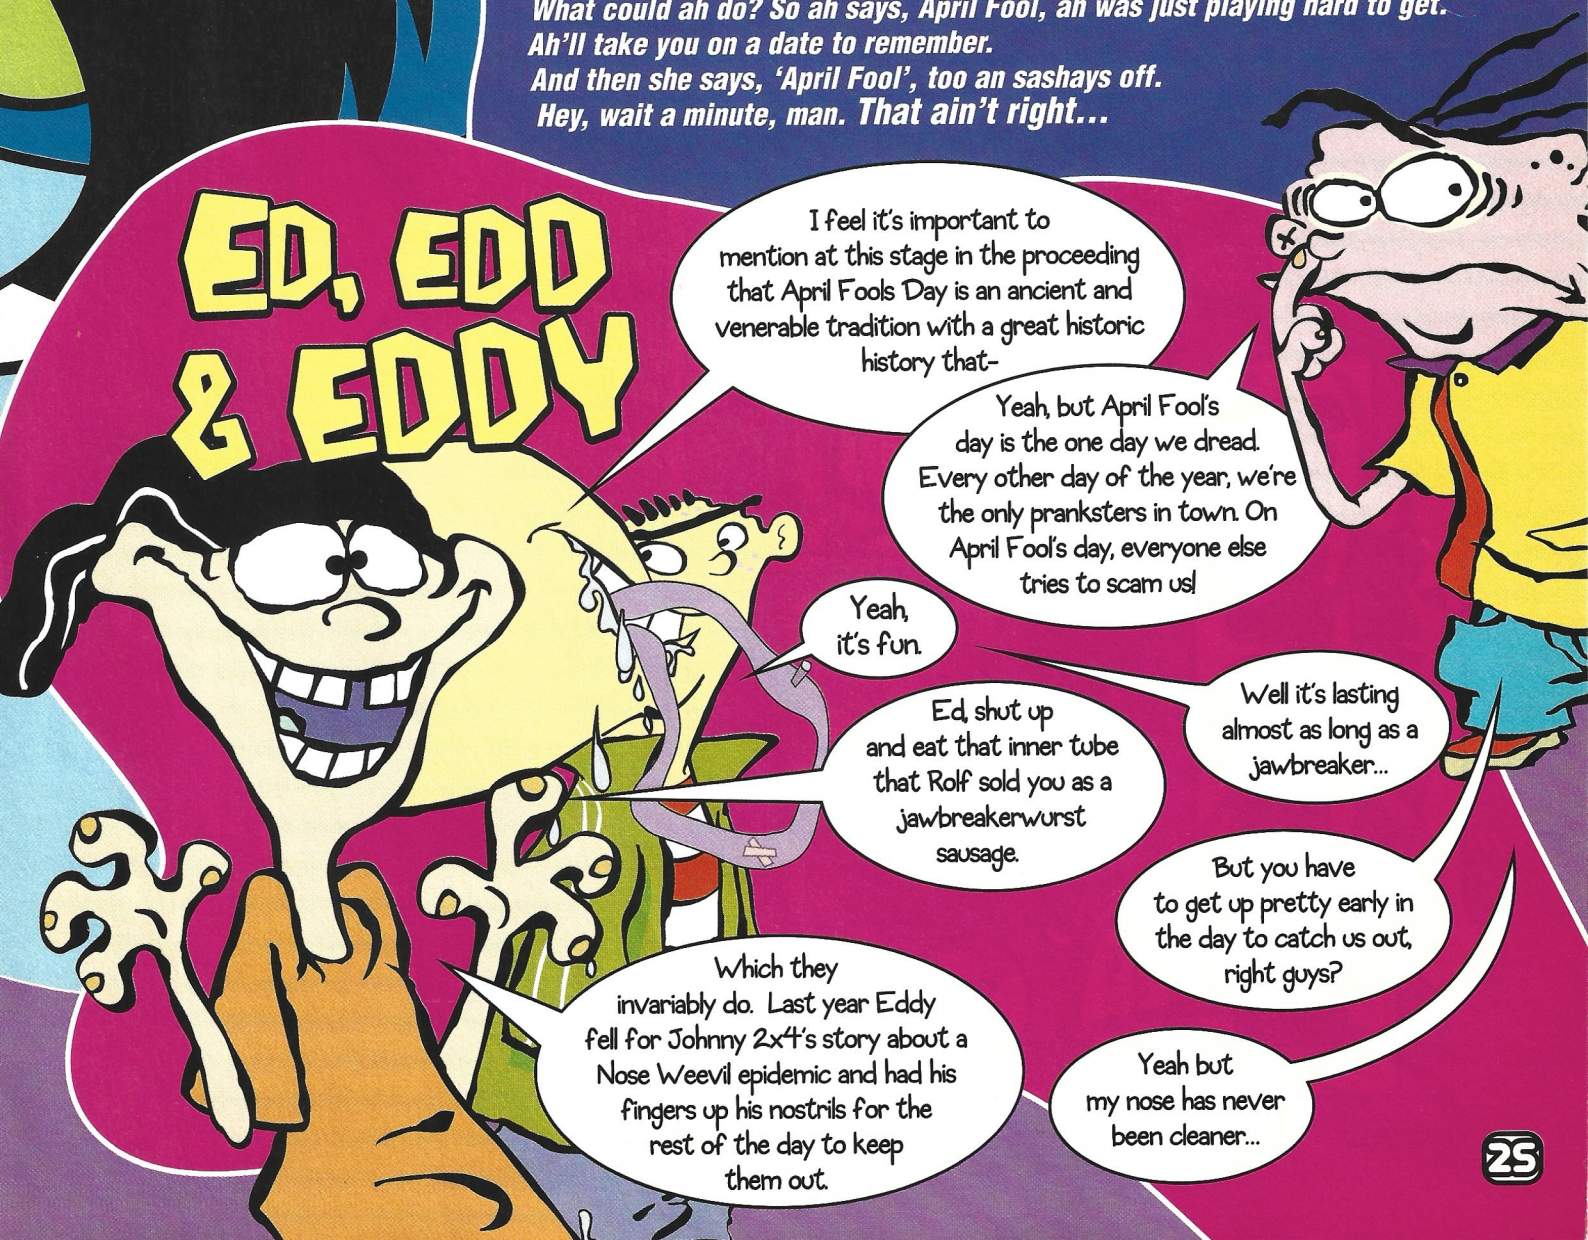
So anyway I thought it would be a good April Fool prank to get him to change his voice, for getting him to change his voice would be an April's fool prank worthy only of I, Mojo Jojo. So I rang him and convinced him that I'd seen an article in Evil, the villain's style magazine, saying that low was the new high. Desperate to appear to be 'In', he hired a voice coach and practised and before you know it he's talking in a deep, gravelly voice! It was so funny. Nobody took him seriously because he sounded like the cinema advert man and thought he was playing an April Fool on them. But the joke was on me when Him found out I'd April Fooled him. I ended up talking in a high pitched voice for a while, too! 'Him' gives mean wedgies!

OOLS!

JOHNNY BRAVO

***April Fools?** Yessir, you're lookin' at the King o pranks right here. The King of Fools, that is. You know the sayin' 'treat 'em mean to keep 'em keen'? Well I thought ah'd play a little april fool prank on my admirin' public. Yes, sir! Cos I know they can't get enough of my gelled wavy hair, studly bod and moody pout, man. So ah pretended to not be interested in babes. It was hard. But finally this hot mama came over wanting to know why I wasn't tryin' to ask her out. Like, she fell for my April fool hook line and sinker. Ah said, no can do little miss, and like she's practically telling me to take her out on a wild date. What could ah do? So ah says, April Fool, ah was just playing hard to get. Ah'll take you on a date to remember.*
And then she says, 'April Fool', too an sashays off.
Hey, wait a minute, man. That ain't right...

ED, EDD & EDDY



I feel it's important to mention at this stage in the proceeding that April Fools Day is an ancient and venerable tradition with a great historic history that-
Yeah, but April Fool's day is the one day we dread. Every other day of the year, we're the only pranksters in town. On April Fool's day, everyone else tries to scam us!
Yeah, it's fun.
Well it's lasting almost as long as a jawbreaker...
Ed, shut up and eat that inner tube that Rolf sold you as a jawbreakerwurst sausage.
But you have to get up pretty early in the day to catch us out, right guys?
Which they invariably do. Last year Eddy fell for Johnny 2x4's story about a Nose Weevil epidemic and had his fingers up his nostrils for the rest of the day to keep them out.
Yeah but my nose has never been cleaner...

FIGHTING FANTASY™

– FIGHT TO THE VERY END –

Fighting Fantasy **Gamebooks are interactive novels in which YOU are the hero. Part story, part game, these are books with a difference! Two dice, a pencil and an eraser are all you need to make your journey. YOU decide which route to take, which creatures to fight and which dangers to risk.**

Each Gamebook begins with a section on how to fight the various monsters you'll encounter during your mission, the equipment and provisions that you're allowed to take with you and some hints on how to win! How your adventure ends will depend on the decisions you make, your skill at avoiding traps and answering riddles, and the luck of the dice.

Your success is by no means certain. Many dangers lie ahead and powerful adversaries are ranged against you. Often your only choice is to kill or be killed!
